NEWSLETTER: Term 2 Week 6
From the Principal’s Desk

Semester 2 Reports
Teachers are busy finalising assessments and writing Semester 1 reports for students in their class. As this is only a nine week term, and we have had some technical issues with our reporting template, we are planning to distribute student reports on the first day of Term 3, rather than at the end of Term 2. Parent/teacher interviews will also be held at the start of Term 3. If you are concerned about your child or their progress you do not need to wait for a formal invitation, please arrange a time to speak to your child’s teacher.

Safe Entry to school
Parents are asked to please ensure all students enter the school grounds through the new pedestrian gate. I understand that the lack of a path is not making this easy, but students and cars sharing entrances puts children at risk. Please do not allow your children to walk through the car park or up the driveway – even if you are with them. All children (and adults) should enter through the pedestrian gate.

Sewer Connection
I met with a representative from the Department of Public Works to finalise arrangements for the connection of our school to the sewer. Work will commence this week and we hope it will be completed by the end of July 2014.

Zone Cross Country
Congratulations to all of the students who attended the Zone Cross Country carnival last week. The following children were successful in making it through to the Regional carnival on 12th June: Demi Gay, James Booth, Alec Rochaix, Eve Wilson, Charlotte Wilson, Gemma Brittain, Kane Osgood, Jordon Hall, Zoe Greenwood, Russell Hampson, Rachael Woods, Pat Rochaix and Samuel Hodges. Good luck to all!

Eco Committee News
Well done to 1/2L for being the Eco-Committee's Class of the Week last week. Congratulations to 5/6M for getting Class of the Week this week. Thank you for saving power and picking up rubbish. We are going to start monitoring the water in the toilets and bubsers so please turn the taps off so we can save water and protect the environment.
By Ella Crompton & Hayley Spiteri

The Eco-Committee has organised monitors to check the toilets at the end of breaks to make sure all taps and bubsers have been turned off. Please help the Eco-Committee by turning them off after you have used them. If you have any other ideas of how we can save water, can you please see Miss Turhanlar or any students in the Eco-Committee.
