Pop in for a yarn!

The Aboriginal Early Linker Amanda can support families who have a child 0-8 Aboriginal and/or Torres Strait Islander around the Early Stages of a diagnosis.

Early Links can provide support to those families by way of supporting families with appointments such as a paediatrician and therapy, assisting children into therapy, transport, funding, strategies and techniques that can be used in the home and/or school, home visiting and more.

If you have concerns about your child drop in or give Amanda a call for a yarn.
